## MARITIME SAFETY MANAGEMENT

7 TO 11 MARCH 2022

Jointly sponsored by the

**SINGAPORE COOPERATION PROGRAMME**

and the

**JAPAN INTERNATIONAL COOPERATION AGENCY**

to be conducted by the

**MARITIME AND PORT AUTHORITY OF SINGAPORE ACADEMY**

### Singapore Cooperation Programme

Singapore has provided technical assistance to other developing countries since the 1960s. As a country whose only resource is its people, Singapore believes that human resource development is vital for economic and social progress. Singapore itself has benefited from training provided by other countries and international organisations.

In 1992, the Singapore Cooperation Programme (SCP) was established to bring together under one framework the various technical assistance programmes offered by Singapore. Through the SCP, the range and number of training programmes were increased to share Singapore's development experience with other developing countries.

To date, over 137,000 officials from more than 180 countries and territories have participated in our courses and study visits. The SCP is managed by the Technical Cooperation Directorate of the Ministry of Foreign Affairs, Singapore.

### Japan International Cooperation Agency

The Japan International Cooperation Agency (JICA), one of Japan's Official Development Assistance (ODA) implementing bodies, has been extending technical cooperation in human resource development to facilitate the autonomous, sustainable development of developing countries since its establishment in 1974.

JICA was reborn on October 1, 2008, as an aid donor agency providing technical cooperation, concessionary loans, and grant aid in integrated modus operandi. JICA will thus provide comprehensive assistance for developing countries by utilising the broader range of aid instruments in an effective and efficient manner and a network of 100 overseas offices around the world.

JICA will enhance the impact of assistance through (a) A More Strategic Framework to achieve medium-to-long term development goals of developing countries (b) More Predictable Aid as operational "rolling" plans will be utilised in policy dialogue with developing countries (c) Speedier Project Formulation through "Preparatory Survey" to ensure flexibility and speed at the project preparation stage (d) Assistance Tailored to Real Needs: Synergy of Aid Schemes to offer assistance that most effectively addresses the needs of developing countries.

## Japan - Singapore Partnership Programme for the 21st Century (JSPP21)

As countries whose prime resources are their people, Singapore and Japan believe that human resource development is important for economic and social progress. With this mutual understanding, Singapore and Japan signed a Memorandum of Understanding in January 1994 to train participants from developing countries by sharing each country's expertise and experience from their economic development under the Japan - Singapore Partnership Programme (JSPP).

The Japan - Singapore Partnership Programme for the 21st Century (JSPP21) was established through a Memorandum of Discussion (MOD) signed in May 1997, to signify a widening of the scope of technical cooperation between Singapore and Japan. Since then, the MOD has been renewed three times, most recently in December 2018.

With a view to enhancing ASEAN integration and sharing the two countries' experience in their areas of expertise, both governments recognised, as areas of priority, training and capacity building for third countries in the fields of (a) security and peace, (b) addressing vulnerability, (c) private sector development, (d) connectivity, and (e) smart initiatives.

Since 1994, Singapore and Japan have implemented close to 400 training courses for more than 6,500 participants in diverse fields such as public governance, trade promotion, climate change and environment, community policing, disaster management, maritime navigation, tourism, and urban planning.

### Maritime and Port Authority of Singapore Academy

As the training arm of the Maritime and Port Authority of Singapore (MPA), the MPA Academy was repositioned in 2014 to be a full-fledged academy with a dedicated premise with a focus on global maritime leadership training. The academy's vision is to be a global learning centre for maritime and port administration. The academy's mission is to enhance the skills and knowledge of MPA officers and to conduct flagship training programmes for overseas port and maritime officials, including supporting the training needs of the International Maritime Organization (IMO) as a Council member. The MPA Academy's dedicated facility was officially launched in October 2015.

## Course Objectives

This online course is conducted under the auspices of the Japan-Singapore Partnership Programme for the 21st Century (JSPP21). This course aims to share the experience of Singapore and Japan in maritime safety management.

## Synopsis

Topics to be covered include:

- Best practices to maintain and enhance maritime safety
- International conventions and regulations relating to maritime safety management
- Practical implementation of policies and measures to enhance maritime safety management in the respective countries
- Maritime safety management in the participants' respective countries

## Methodology

This course will be delivered for up to **25 participants** through **synchronous** e-Learning ('live' e-learning sessions) on Zoom. There will be Q&A sessions and facilitated group discussions during the 'live' sessions.

## Regulations

Participants are required to comply with the following:

- Strictly observe course schedules and not miss training sessions, and
- Carry out instructions and abide by conditions as may be stipulated by the nominating Authority or Government and the Governments of Japan and Singapore and their appointed trainers, with respect to the course.

## Duration

The course will be held over 5 days from 7 to 11 March 2022.

The 'Live' e-learning sessions will be conducted from 1200 to 1630 (Singapore time; UTC/GMT+08:00 hours) each day.

Attendance will be taken for "live" sessions and participants will need to attain 80% attendance in order to get a certificate.

Prior to course commencement, the training coordinator will brief participants on the rules of engagement (break time, attendance, punctuality, recording, Q&A).

## Application Information

Applicants should be:

- Mid-to-senior level government officials who are working in port and maritime-related roles;
- Able to attend all the synchronous e-learning sessions. They will require an internet-enabled device with Zoom installed, a functioning webcam and audio;
- Nominated by their respective Governments; and
- Proficient in written and spoken English.

In addition, as stipulated by the Government of Japan:

If your organisation and/or your status is related to the Military, you are required to email to [1rtd2@jica.go.jp](mailto:1rtd2@jica.go.jp) with your name, country, organisation, the course name, and choose one option from below that best describes your relationship with the Military:

- a. the Military, an active military personnel or a military personnel listed in the muster roll/military register;
- b. an organisation affiliated with the Military, or a personnel who does not belong to the military at present but is listed in the muster roll/military register;
- c. the Department or the Ministry of Defense, and organisation affiliated with the Ministry of Defense, or staff of the Ministry of Defense;
- d. a civilian organisation but with military personnel or a military division within the organisation;
- e. an organisation which will be affiliated with or under the control of the Military in times of emergency as specified clearly in its organic law/law of establishment.

Qualifications of applicants who belong to the military or other military-related organisations and/or who are enlisted in the military will be examined by the Government of Japan on a case-by-case basis, consistent with the Development Cooperation Charter of Japan, taking into consideration their duties, positions in the organisation, and other relevant information in a comprehensive manner.

## Terms of Award

The course is sponsored by the Governments of Japan and Singapore under the Japan-Singapore Partnership Programme for the 21st Century.

## Application Procedure

(Closing date for nomination: **7 February 2022**)

The Governments of Japan and Singapore are pleased to invite the respective National Focal Point for Technical Assistance (NFP) to nominate **one (1)** suitable applicant. Selection of candidates will be based on merit. Should there be more applicants than training places, the Government of Singapore seeks the understanding of the respective NFP in the event that its nominee(s) is not selected.

All nominees are to submit their applications online at <https://go.gov.sg/msm22> by **7 February 2022**. NFPs are also required to endorse nominees via email links. Instructions and FAQs for Applicants and NFPs can be found at the links below:

- Applicants: <https://go.gov.sg/start-guide>
- NFPs: <https://go.gov.sg/start-nfp>

### Note:

- Participants who complete all course assignments and attend at least 80% of learning sessions, will receive a JSPP21 certificate of completion.
- Applicants should refrain from making telephone and email inquiries on the status of their applications.
- The **Ministry of Foreign Affairs, Singapore** will inform all applicants of the outcome of their applications. The NFP will also be informed directly.
